(j) After sub-rule (2) of rule 26, the following sub-rule shall be inserted, namely:—

"(3) Nothing in sub-rule (1) or sub-rule (2) shall entitle the Custodian to recover any charges on account of the administration, maintenance or repairs of any evacuee property from the sale-proceeds thereof but where any such property is disposed of by sale, it shall be lawful for the Custodian to realise from the sale-proceeds only such amount as is, in his opinion, sufficient to defray the expenses incurred in connection with, or incidental to, the disposal of such property.";

(k) For rule 27 the following rule shall be substituted, namely:—

"27—*Administration charges for movable properties.*—(1) Where any movable evacuee property is returned under section 16, or is disposed of by sale or is otherwise released, the Custodian may recover such administration charges or other charges on account of the maintenance, repair, transport or storage of such property and subject to such conditions, if any, as the State Government may by general or a special order from time to time, direct.

(2) This rule applies to Part 'C' States only.";

(l) after rule 30, the following rule shall be inserted, namely:—

"30A. *Transfer of Cases.*—(1) On the application of any of the parties and after notice to the parties and after hearing such of them as desire to be heard or of his own motion and without such notice, the Custodian General or the Custodian, may at any stage of any proceeding pending before any officer subordinate to him withdraw it to himself and—

(i) try or dispose of it himself; or

(ii) transfer it for trial or disposal to any other officer subordinate to him and competent to try or dispose of the same; or

(iii) retransfer the same for trial or disposal to the officer from whom it was withdrawn.

(2) Where any case has been withdrawn under sub-rule (1), the officer who thereafter tries such case may, subject to any special direction in the case of any order of transfer, either retry it, or proceed from the point at which it was transferred or withdrawn.";

(m) in rule 32 in sub-rule (1), under the heading "(III) *Applications*",

(a) clause (iii) shall be omitted;

(b) in clause (v), the figures "19" and "22" shall be omitted.

MINUTES OF DISSENT

(I)

These proposals have been arrived at by the Commission after consultation with the Associate members at Puri on April 29 and 30, 1954.

1. While I am glad to note the wider distribution of the Scheduled caste Reserved Constituencies, and the more managable proportions of some of the others, and I am therefore in general agreement with the delimitation of the Parliamentary Constituencies, I see no reason for the changes from the original proposals effected in certain Assembly Constituencies, particularly in the Districts of Cuttack, Puri and Balasore. I am enumerating these below, and I strongly recommend that the Commission's original proposals in this regard should be retained.

2. I am glad that as far as possible the Assembly Constituencies have been so delimited as not to split up the Sub-Divisional units excepting in a very few cases. In this connection it must be remembered that the Police Stations are the lowest administrative units, and should not be split up, unless it is absolutely necessary. Only in cases where a Police Station is too big or too small to form a constituency by itself, that they can be split up, but still keeping in view that there are ample transport facilities, or at least there are not too many rivers or other barriers within the boundary of the constituency rendering it inaccessible from one end to the other. The responsibilities of the member of the State Assembly are great and varied. People have to come to their representative even for a permit for Cement, Corrugated Sheets, etc. Therefore, unnecessary difficulties are created, when portions of several Police Stations are joined together to form one Constituency, because in such a case the representative would have to deal with the headquarters of several Police Stations for such grievances of the people as might require his assistance. This principle was accepted by the Election Commission in 1951, and has worked well. This is a salutary principle and should be preserved. I therefore recommend that the following Constituencies should be reconsidered in the light of what I have stated above.

Cuttack District

3. I am against the proposed Constituencies Nos. 71 and 72, and believe that Nos. 71 and 73 as demarcated in the original proposal should be retained. According to this

change as proposed by the Commission not only have some Police Stations, specially Govindpur been unnecessarily divided, but the division gives no advantage in anyway to either of the constituencies. In the former proposals Kishannagar, Tangi, Charbatia and Cuttack Sadar—all administrative units—without any disturbance whatsoever had formed a Constituency, so also Govindpur and Jagatsingpur. It may be mentioned here that the Kishannagar Police Station is more easily and conveniently accessible from Cuttack Sadar Police Station than from the proposed Jagatsingpur Constituency. From all view-points, I am of the opinion that the original proposal should be retained.

4. As regards Jajpur Sub-division I am happy that the load of reservation on this Sub-division has now become lighter, but the proposed delimitation of constituencies Nos. 81, 82, 83 and 84 is not fair. It will be seen from the map that the single member Barchana Constituency (No. 82) has three rivers within its limits, which means that the area would remain practically impassable for more than six months in the year. So also the Dharmasala double member constituency (No. 83). I suggest that these constituencies should be redivided in the following manner, which fulfils all the conditions stated above.

5. (a) Jajpur-Binjharpur: Double Member Constituency with S. C. Reservation Constituency of Jajpur Police Station (Excluding Unions 1—11 and the whole of Binjharpur Police Station).

(b) Sukinda-Korai-Jajpur: Double Member Constituency with S.T. Reservation consisting of the whole of Sukinda and Korai Police Stations and the Unions 1—11 of Jajpur Police Station as well as Jajpur town.

(c) Dharmasala: Single Member Constituency consisting of Unions 1—13 and 17.

(d) Barchana: Single Member Constituency consisting of the whole of Barchana Police Station and Unions 14, 15 and 16 of Dharmasala Police Station.

This arrangement disturbs two of the Police Stations to the least extent but affords facility of transport and therefore should be acceptable to the Commission.

Balasore District

6. Constituencies Nos. 89 and 90 in the original proposal have been altered. But this alteration gives no advantage.

In the former proposal one single Police Station, *i.e.*, Balasore excluding Union No. 5 had been made into one Constituency, whereas in the latest proposal several Police Stations have been put together and urban areas are combined with rural areas in order to form a Scheduled Tribes Reserve Constituency. In such cases, as is natural, the impact of the urban area would be greater and the rest of the Constituency will not get proper representation. No matter how narrow the connecting link between Remuna and Basta—Single may be, such an arrangement would afford equal representation to all the parts. Therefore Nilgri Constituency (No. 90) as demarcated in the original proposal should be retained as the Double Member Constituency and Balasore Police Station excluding Union 5 should remain as the Single Member Constituency. Moreover, in the original proposal the concentration of Scheduled Tribes was 16·74 per cent., whereas, in the latest proposal it is down to 14 per cent. A great disparity would remain and I am therefore against this change.

Puri District

7. I am entirely against the changes effected in the Constituencies of Nayagarh and Khurda Sub-divisions, such as, Nos. 54, 55, 56, 57, 58, 64 and 65 as contained in the original proposal. I have calculated the population figures and found great disparity in certain cases. This aspect should not be overlooked. The only probable reason, as it appears to me is that an attempt has been made to maintain the identity of the ex-State areas in so far as giving the names of the ex-States to certain constituencies. If my surmise is correct, I am afraid we are introducing a dangerous principle and making it easier for the feudal and vested interest of these areas. After integration of these small ex-States to the States of Orissa the previous boundaries no longer exist excepting that the Police Stations have mostly been maintained and they have been constituted into Sub-divisions of Puri District. Instead of prepetuating these areas as they existed under the feudal regime and making them into pocket-boroughs it is essential, and justice and fair representation demands it, that these entities should be broken up. They should be so divided as to enable the formation of constituencies consisting of ex-State areas and the neighbouring areas of the old Province. This will result in real integration of these areas not only physically but in the minds of the people, and the electorate of the two portions will feel affinity for each other as citizens in the new set-up.

8. It will be remembered that I had agreed to the original proposals of the Commission and suggested a few minor changes in Cuttack and Balasore Districts only with a view to afford better transport facilities. But, as there are so many changes that have been effected in the latest proposal I have stated my objections fully and pointed out the disadvantages in the new proposal as well as the advantages in favour of the original proposal in the case of Puri and Balasore districts, while I have pressed for my proposals for the Sadar and Jajpur Sub-divisions of Cuttack district. It do hope that the Delimitation Commission would reconsider the entire position and make the necessary changes as suggested by me.

SARANGADHAR DAS, M.P.,
Associate Member.

(II)

Regret owing to pressure of work we could not send full comments earlier. Hope Commission have secured Orissa Government's comments.

We strongly feel some changes are necessary in certain proposals particularly in Balasore District. We suggest following alternative delimitation for State Assembly on very practical grounds such as contiguity, communication etc:—

Bhadrak Constituency	should consist of Banth police station and Bhadrak police station (excluding union Nos. 4, 12 and 13)—with one general seat.
Chandbaly Constituency	should consist of Basudevpur police station, Thihidi police station and union Nos. 4, 12 & 13 of Bhadrak police station—with two seats, one reserved for Scheduled Castes.
Soro Constituency	should consist of Soro police station, Khaira police station and Semulia police station—with two seats, one reserved for Scheduled Castes.

This does not disturb your general arrangement although there might be slight variation in concentration of Scheduled Castes which is offset by many other practical considerations.

Trust you will please accept this suggestion pending consideration of other changes on receipt of public complaints if there be any.

(III)

In a previous stage, it was decided to allot twenty seats in the House of the People to the Orissa State, out of which four seats are to be reserved for the Scheduled Castes and four seats for the Scheduled Tribes. In the State Legislative Assembly, there are to be 140 seats out of which 25 seats are to be reserved for the Scheduled Castes and 28 seats for the Scheduled Tribes.

Regarding distribution of population of the Scheduled Tribes, and Scheduled Castes in the State of Orissa, it is seen from the Census figures that the Scheduled Tribe population is very much concentrated in particular areas like Mayurbhanj, Koraput and Sundargarh districts, whereas concentration of Scheduled Castes population is not so marked. The Commission in their original and revised draft proposals, have carved out single seats reserved for Scheduled Tribes, where there is a fairly good concentration of Scheduled Tribes population. In Parliamentary delimitation, the Sundargarh constituency is a single member constituency reserved for Scheduled Tribes having 51.62 per cent. of Scheduled Tribes population. Mayurbhanj constituency has a Scheduled Tribes population of 51.94 per cent. and Koraput single member reserved constituency has a Scheduled Tribes population of 53.31 per cent.

Similarly in the delimitation of Assembly Constituencies, out of 28 seats reserved for the Scheduled Tribes, the revised draft proposals have carved out 14 single member reserve seats.

It has not been possible to carve out single seats reserved for Scheduled Castes as the highest concentration is below 37 per cent. So the constituencies with reservation for Scheduled Castes are all double member constituencies.

In my opinion, at least one or two more single seats reserved for Scheduled Tribes can be carved out—in the district of Sambalpur, where the concentration of Scheduled Tribes population in particular areas is remarkably high.

In the case of reservation of seats for Scheduled Castes population, such reservation should take place only in such area where the concentration of Scheduled Castes population is high and any alternative suggestion which shows a higher concentration of Scheduled Castes population deserves to be considered as an improvement over the draft or the revised proposals.
